

Required Inter-N. Grain-Train Capacities
 20 Mio. T. + 31 Mio. T new Harvest 2023
 Total Grain Transports 2023/2024 = 51 Mio.T.
 51 Mio. T. : 25 T./Container = 2 Mio. Container
 2 Mio. Container = 31.250 Trains 583 m long
 = 86 trains per day !!!

Plan is complete now ... Drive it

to England and Spain

Ing. Goebel
 19.04 - 13.06. 2022

Triest is the most important harbour for goods to Afrika

Harbours blocked by Russian war fleet

There is only Hopper Waggon for 5 % of the amounts - and they fight with 1.435 to 1.520 rail track width - CHAOS

The 95 % has to be transported in 20 ft bulk and 40 ft open top containers
